The prospect is distressing. 'Tis easier by far to shirk-I guess I'll keep on guessing.

THE CAUSE.

To be short of breath when you walk, climb stairs, are frightened or agitated is caused by heart weakness, and will develop into serious heart troubles if not speedily temedied. Weak heart is caused by exhausted nerves. The one sure, safe Heart Remedy is Dr. Miles' New Heart Cure, which feeds the nerves of the heart, and gives them new strength and vigor. At druggists. Money back if first bottle fails to ben-

# STOWAWAY ON THE ALAMEDA ASKS DAMAGES

Young Boy Who Was Stealing a Ride to the Islands Presents a Claim For Expenses.

SAN FRANCISCO, October 12.-When the Oceanic liner Alameda went on the rocks at Fort Point on September 30th George Johnstone, aged 14 years, was one of the passengers taken off and placed aboard the revenue cutter Golden Gate. At that time he was believed to have been regularly booked as a passenger, and he was given every attention by representatives of the company. He might have escaped closer scrutiny if a letter from his relatives had not been received by the Oceanic Company asking what provision had been made for his board and transportation to Honolulu in consequence of his interrupted pass-

Reference to the books of the passenger department has disclosed the fact that the boy had not procured a ticket, either in the cabin or teerage, and his presence on the Alameda is unaccounted for except on the hypothesis that he had stowed away.

As a stowaway he has small claims for either sustenance or future cansportation to his destination, but as evidence of the young man's elf-confidence it may be stated that he has filed with the Oceanic Company a bill for various expenses incurred as a result of being detained here after he once took passage in the Alameda for Honolulu. Presentation of the claim almost paralyzed business at the Oceanic ompany's office yesterday,

### Miss Katherine Doyer.

When you are sick in some part of your body it is Because some organ is not doing its work properly. Every organ of the body is absolutely controlled by

the nerves. Weak, "run down" nerves tell of their condition by stopping the proper action of some one organ, or of several organs, of the body.

Medical science has for the past seventeen years agreed with the teachings of Prof. Edward E. Phelps of Dartmouth University. Prof. Phelps was the first physician to openly declare

twenty years ago that the health of the human body depends entirely upon the health of the nerves.

Prof. Phelps formulated the prescription of Paine's Celery Compound. The first druggist that this prescription was taken to was a man by the name of Paine. One of the principal ingredients of the pre-

scription is the seed of the celery plant. After two years' trial of the prescription by Prof. Phelps and a number of the leading Massachusetts physicians it was decided to place this prescription be-

fore the public. The formula was sent to every registered physician in the United States. The prescription was named Paine's Celery Compound, and one of the largest and oldest manufacturing chemists in the country, Wells, Richardson & Co., of Burlington, Vt., undertook its production.

Paine's Celery Compound has stood the test of seventeen years' constant use. It has been for the past seventeen years, and is to-day, the most universally used tonic prescription in the world.

A photograph of Miss Katherine Doyer, of Brooklyn, appears at the head of this article. Miss Doyer's experience is given in her own words to Illustrate the effective work that Paine's Celery Compound is constantly doing as the curative agent in the nourishing and rebuilding of "rundown"

"Some time ago I gradually began to grow weak and emaciated; my eyes became dull, my sight poor and my head dizzy. I was restless and nervous and troubled with bad dreams; I had shooting pains in my stomach and suffered nausea after eating. I consulted a physician, who said I had catarrh of the stomach. I took his prescription for nearly six months, but got no better. Hearing so much of Paine's Celery Compound, I decided to try it. It was a fortunate thing for me that I did, for inside of two months I was entirely cured and have never had a return of any nervous troubles since."-Miss Katherine Doyer, 422 Gold St., Brooklyn, N. Y., August 15, 1904.

Paine's Celery Compound is a nerve invigorator, a regulator and an ideal blood cleanser. It takes away the "wear" on the nerves and enables them to work without tearing themselves to pieces, and it prevents the unhealthy reaction of tired nerves on the entire

It solves the problem of how to build up the nervous system, as no other remedy has ever done.

It cures the causes of constipation, biliousness, dyspepsia, headaches, sleeplessness and every sign of impure blood. Nervousness-whether in the form of headaches, sleeplessness, indigestion, melancholia, irritability or any one of a host of other troubles-is a disease, and as such can be driven from the system by the use of Paine's Celery Compound.

Remember this,-Paine's Celery Compound is the prescription of one of the most famous physicians this country has ever known, and all reputable druggists sell and recommend it.
